

Stresa (Stray - za)

Imagine a small fishing village on the edge of a lake, surrounded by mountains, overlooking small islands and the aroma of lemons, olives and bay; this is 'Stresa' a narrow strip of land on the edge of Lake Maggiore in Northern Italy.

The inspiration behind our restaurant; where you can enjoy freshly prepared, traditional Italian food made with locally sourced ingredients, in a friendly and relaxing atmosphere.

We are proud to work with the following Manchester & Cheshire based food suppliers:

Butchers – Frosts of Chorlton

Fishmonger – Openshaws

Fruit and Veg – Oliver Kay

Italian Goods – Amato

All our dishes are freshly prepared to order so although there may be a short wait, we are sure it will be worth it. Myself and the team are here to help, so should you have any specific requests please just ask, or if you are staying for more than one night and are missing your home comforts we will always be happy to accommodate special requests.

Enjoy!
